

Document Type: Summary of Appraisal Discussion

For: Dr. Richard Bogle

Completed By: Dr. Stephen Laurence Hyer

Document Created Date: 15/05/2013

Declarations

An appraisal has taken place that reflects the whole of the doctor's scope of work and addresses the principles and values set out in the Good Medical Practice	Yes
I understand that I must protect patients from risk of harm posed by another colleague's conduct, performance or health. The safety of patients must come first at all times. If I have concerns that a colleague may not be fit for practise, I am aware that I must take appropriate steps without delay, so that concerns are investigated and patients protected where necessary	Yes

Fitness to Practise

✓	The doctor has provided sufficient information and this demonstrates good practice. There are no concerns for patient safety
	The doctor has provided information that raises some concerns. Further investigation or action is required. There may be an issue that affects patient safety or quality of the information
	There is insufficient information for an assessment to be made

Progress in collecting information for revalidation

✓	The doctor has provided sufficient information in all attributes of Good Medical Practice
	The doctor has provided sufficient information and the doctor is making satisfactory progress towards revalidation
	The doctor has provided some information but this is insufficient and raises concerns about the doctor's progress towards revalidation. Further action, support or investigation is required
	There is insufficient information for an assessment to be made
